

STEPHANIE CORPUZ-KUNEGEL

WEB DESIGNER

 (236) 515-8716  stephcorpuz@gmail.com  /stephouz-ck  /s-corpuz-kunegel  portfolio

Passionate and energetic web designer and developer of ~2 years, artist of 20+ years. My designs are focused strongly on the user and the environment and I am actively learning and researching to make my work as equitable and inclusive as possible. Detail-oriented, empathetic and adaptive, I am looking for the right company with whom I can continue to grow and learn as a web designer. Let's get in touch!

Based in BC, Canada. Available as soon as possible.

PROFESSIONAL EXPERIENCE

WEB DESIGNER - PERMANENT

HumanFab | Aix-en-Provence, France

Sept. 2021 - Feb. 2023

- Applied modern UI & UX design concepts into several projects in an agile environment
- Conceptualized, designed, proposed and presented mock-ups and prototypes with Figma, both collaboratively and autonomously (desktop, tablet & mobile)
- Participated in multi-disciplinary meetings concerning user experiences of the in-house CRM and adapted accordingly
- Worked in direct collaboration with front and back end, web and mobile developers as well as engineers in R&D
- Assured consistency from design conception to front end integration
- Maintained legacy codebase (JQuery, HTML, CSS), then modernized it into React with Next.js and Typescript following atomic design principles and architecture
- Adapted functionalities of the in-house CRM based on user feedback (React, Typescript)
- Managed data through RESTful APIs

FRONT END DEVELOPER - INTERNSHIP

Heex Technologies | Paris, France (startup)

March - April 2021

- 6 week internship using React.js
- Applied knowledge of State Hooks and object oriented programming
- Form integration using Formik
